Introduction

- ▶ **The poultry industry:** attributes local chicken
- ▶ **Infertility in animals** - 30% male related (Barkhordari *et al.*, 2013)
 - ▶ Contributory Environmental factors : meteorological factors and the resultant stress, Age, poor nutrition and poor management
 - ▶ Unique structure of avian spermatozoa (high level of polyunsaturated fatty acid): GOOD and BAD.
 - ▶ Lipid peroxidation is the major cause of infertility in males (Zaniboni *et al.*, 2006)

Materials and Methods

- ▶ Study Location and Duration
- ▶ Preparation of Ethiopian pepper
- ▶ Experimental animals
- ▶ Experimental diet
- ▶ Data analysis
